Remembering

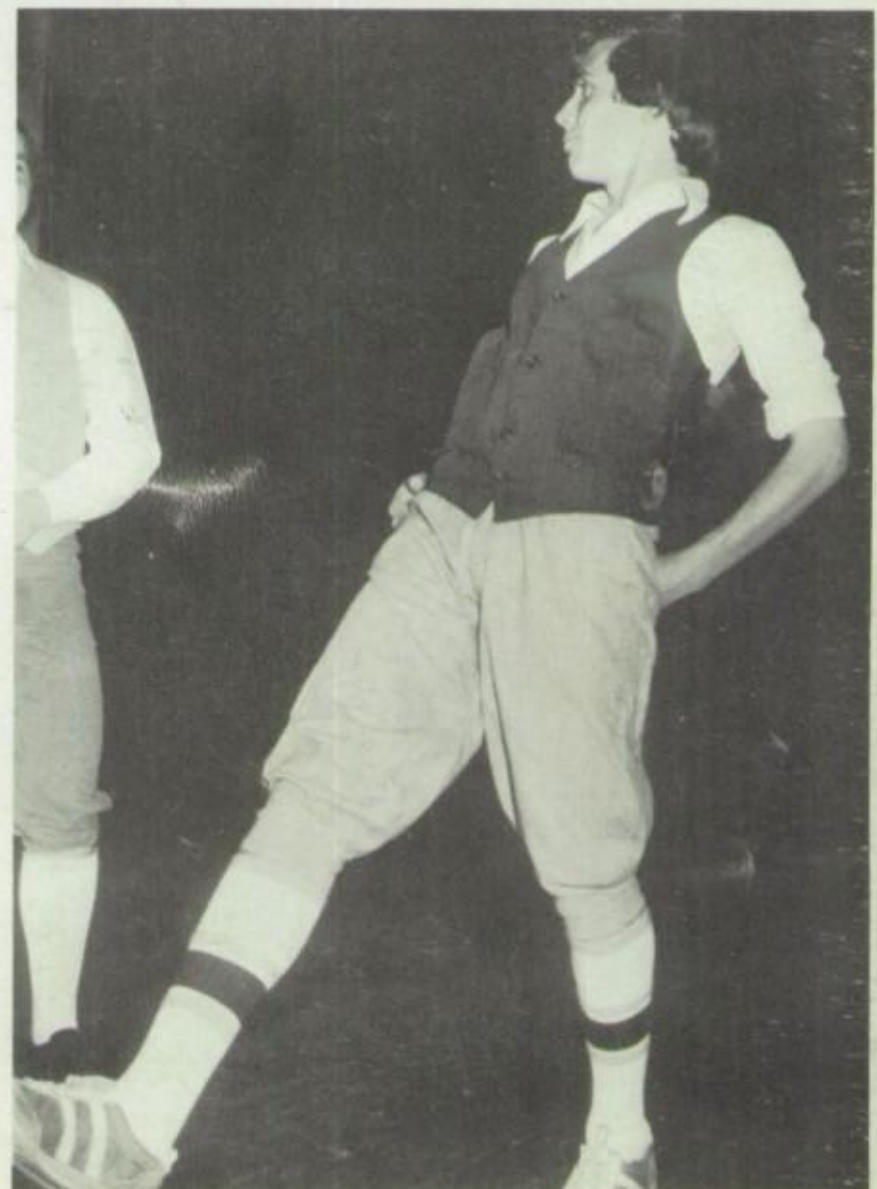

TIM ROSEBERRY

Timothy L. Roseberry, a member of the class of 1978, was born April 23, 1960.

Tim was an honor student at Kennard-Dale who participated in many school activities. He was a member of National Honor Society and was chosen by the Social Studies Department as Student of the Month in May, 1978. Tim also participated in the 1977 Junior Class Play. As an outstanding runner, Tim participated on the Kennard-Dale Track team for three years.

Among Tim's other activities was his participation in the J-Teens of Stewartstown. He served as president. Tim was a member of Zion (Shaffers) Lutheran Church and was president of the Young People's Sunday School class.

Tim was a true friend to many who knew him at K-D. He will long be remembered by those who admired his friendly personality. Those who knew him well should always remember Tim with a smile.

Honoring

Mrs. Rita Sebring

The 1979 FAWN staff unanimously chose to dedicate our yearbook to one teacher who has been very special in our lives at Kennard-Dale.

At home, this teacher enjoys spending time with her three children and horseback riding. However, she is always ready to take a trip, whether it is only as far as Bel Air or all the way to Europe.

This lady also keeps busy with school activities. She has been co-director of several plays. She also finds time to ride in the Donkey Basketball Game every year.

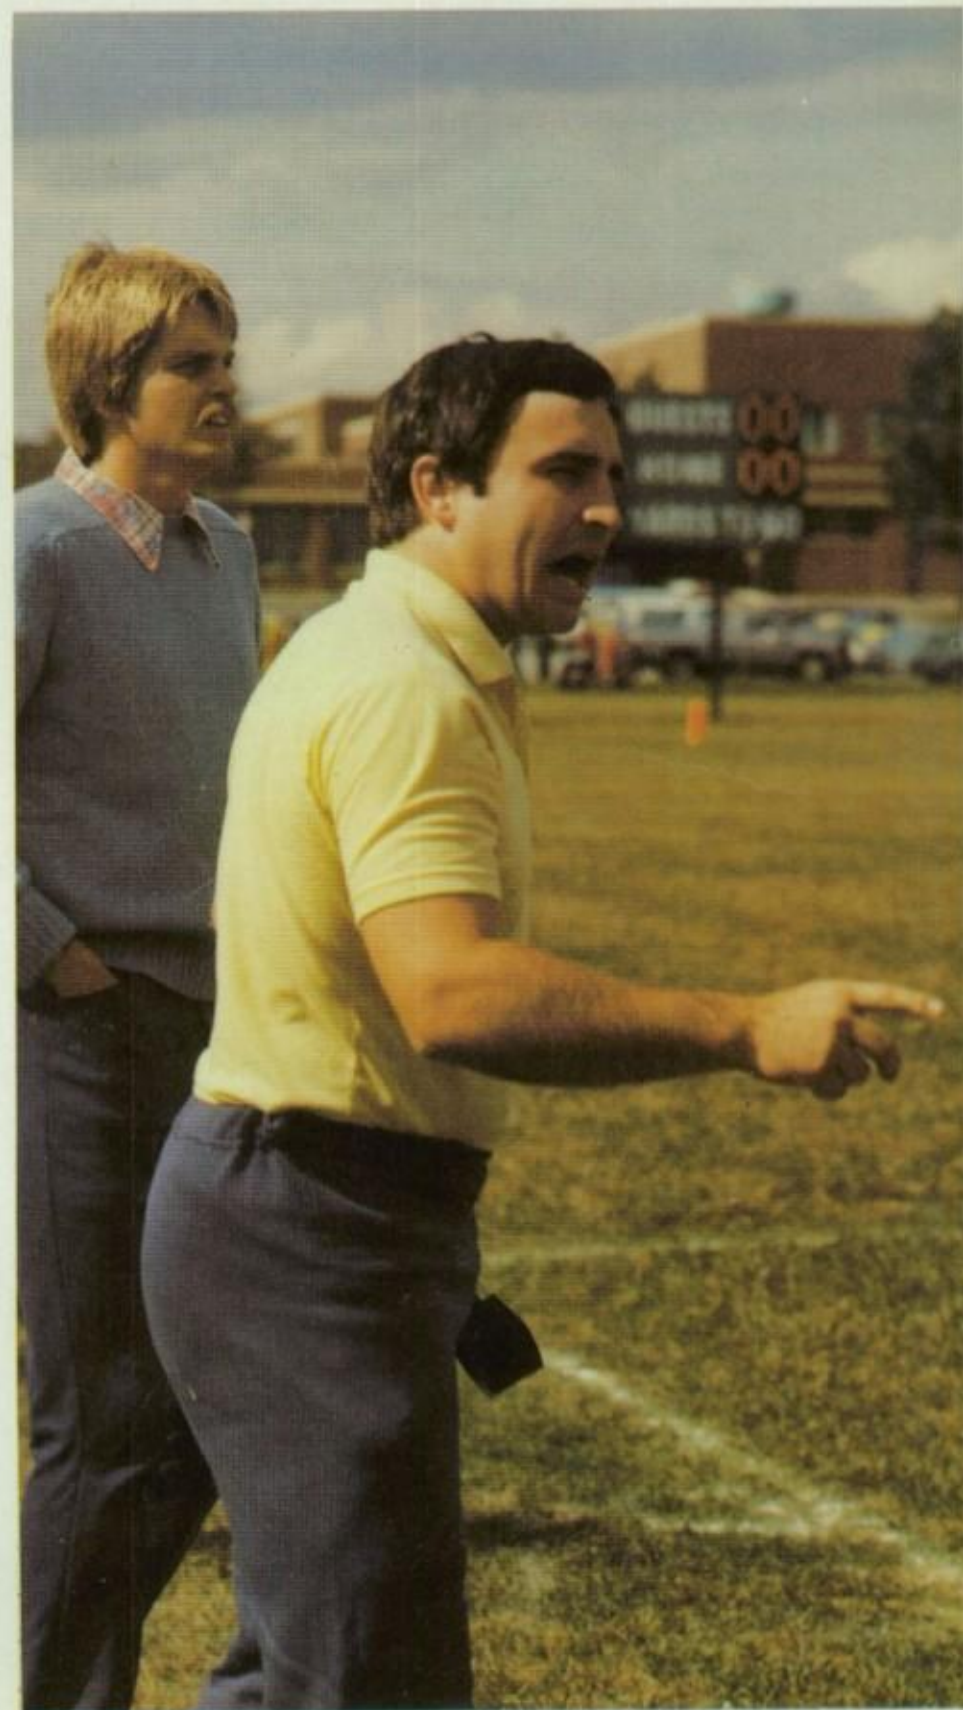

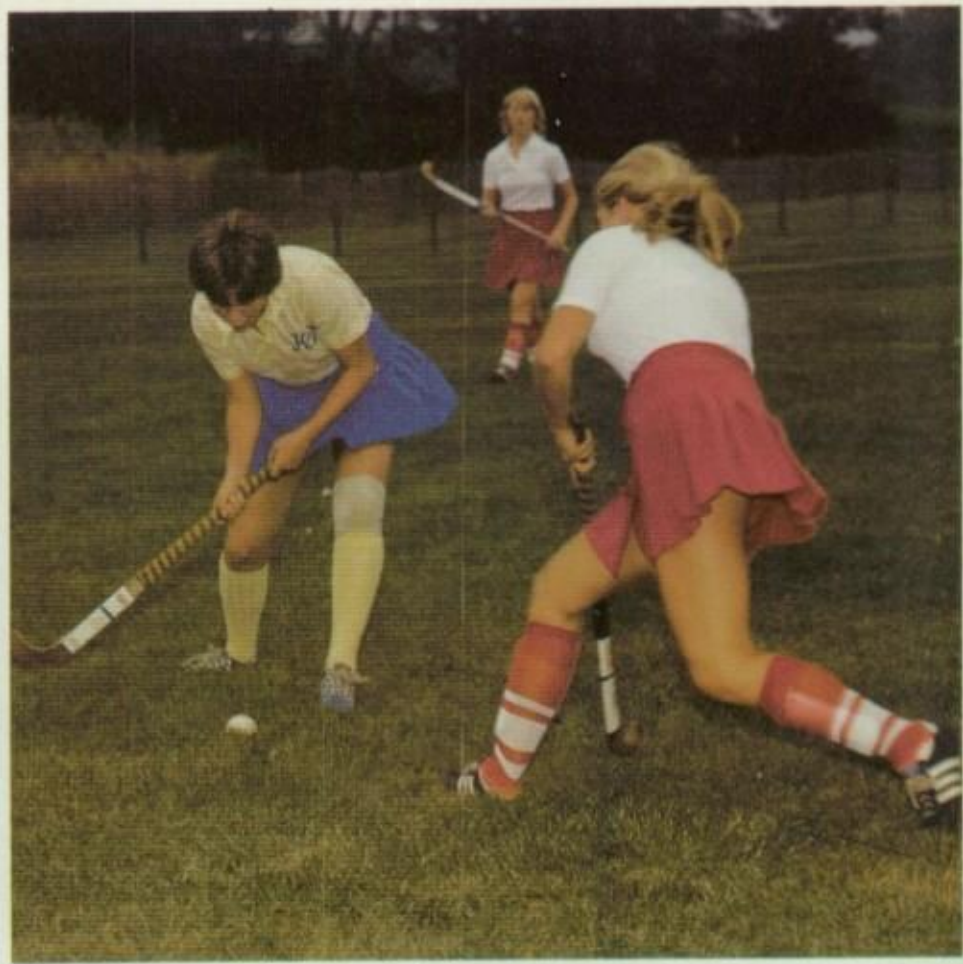

Most importantly, this teacher helped us plan all the projects we had during our junior year. We will always remember her urging us on while making subs, selling candy, and decorating for our prom, "You Light Up My Life," in the year of '78.

With her vibrant personality, she makes even the duller stories and novels interesting.

We sincerely hope that this person will be as helpful to Kennard-Dale's coming classes as she has been to us.

The 1979 FAWN staff is proud to dedicate "One Last Look" to Mrs. Rita Sebring.

Class History

For most members of the graduating class of 1979, the past six years have been spent in Kennard-Dale. Our class is the last class to attend Kennard-Dale for six years. Many seniors are glad that this is finally their senior year, while others are saddened at the thought of leaving their high school days behind. From sports to music, homecoming to prom, there are many memories for us to cherish.

It all started in seventh grade when we all came together from the three elementary schools. We were all a bunch of scared little kids coming to a big, new school. It didn't take us long, though, to get used to the hustle and bustle of Kennard-Dale. The first thing we did together as a class was to take a trip to Washington, D.C. Our first money-making project was a roller skating party, which was enjoyed by all. Then in the spring, we hosted our first seventh and eighth grade party.

Our eighth grade year came along and we now had pretty much the hang of things. We hosted two more parties that year and another roller skating party.

As we entered our ninth grade year with the middle school completed, we suddenly became the youngest ones in school again. That year we tried our skills at building our first homecoming float. It turned out to be a flop. We were disqualified. Then we had a bake sale, which turned out to be a pretty good success.

In tenth grade, we showed the school that we could build a good homecoming float by capturing first place. Later in the year, we ordered the traditional class pins. Our money-making projects that year consisted of making Christmas wreaths out of computer punch cards, which we couldn't have done without all the help Mr. and Mrs. Norris Stratmeyer gave us. We also raffled off a color television.

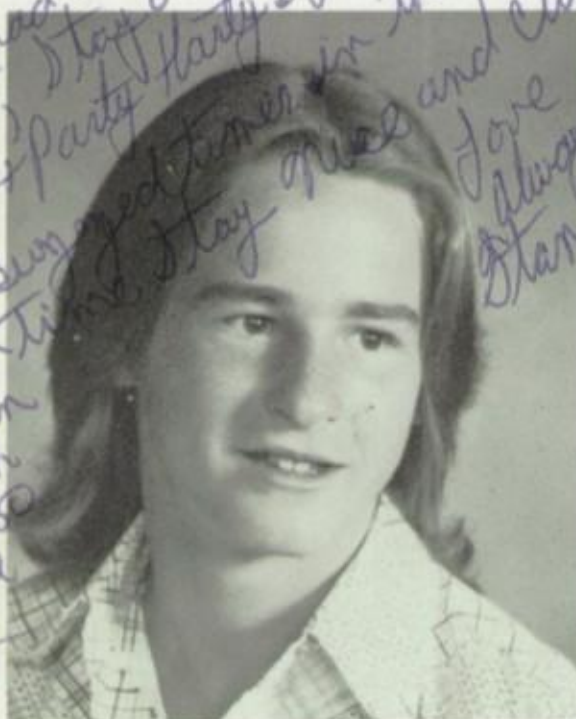

Eleventh grade was our busy year. Our homecoming float got third place. It was also the year we got to order our high school rings. We had a sub-sale and a candy sale to help build up our treasury for our prom, which was held on May 13, 1978. The theme for our prom was, "You Light Up My Life." Although it was raining outside, the decorations seemed to light up the gym so that everyone could enjoy themselves. That year we got to show our dramatic abilities by our play, "A Midsummer Night's Dream."

Our senior year finally arrived. We started to sell candy bars almost as soon as school started, to help work towards our trip at the end of the year. Our float again captured first place after a lot of hard work. On November 17 was our play, "Do You Trust Your Boyfriend?" Another fund raiser was held to help finance our fun-filled senior trip at the end of the year.

Though our years at Kennard-Dale are coming to an end, the memories will thrive forever. As each of us goes our own ways to reach our goals in life, Kennard-Dale will always have a place in our hearts.

Helen Travels

This summer through the AFS, I went to Holland as an exchange student. I stayed with Peter and Doris Mollet and their 6-year old daughter, Tiana. My family was well-to-do. I stayed in the outskirts of an old village called Ousshot. It has some very old churches and the biggest chair in the world. The buildings and the streets are made of bricks.

While in Europe, I learned to say a few words in Dutch, Italian, and German as I traveled. Just about everyone speaks English so I could communicate with almost all the people that I met.

Some of the interesting places that I saw in Holland were market day at Ousshot, an old Dutch farm, canals, a wooden shoe factory, and land that was once under the sea. I had the chance to see De. Efteling, which is something like Disney World.

While I was there, my family had a three week vacation that they took in Italy. I had the opportunity to visit Venice. In Venice the buildings are very old, but it is nice. The area of Italy that I saw was dirty and hot. I saw many grape vineyards and the country-side was nice. I stayed in Austria for a short while and spent a weekend in Germany.

I met many people in the countries I visited and I had a good time. It was a trip that I will never forget.

An Aussie Visits

My name is Elizabeth Hanslow. I come from the big island in the Pacific Ocean, Australia (or as we Natives call it — "Aussie land"). I live on the island state of Australia — Tasmania.

In Tasmania, I live on a 356 acre farm near the small township of Cambridge, which is 10 miles from the capital of Tasmania. I have two brothers and two sisters, all who are younger than I.

At home, we finish high school in grade 10. We do not graduate but just leave. We can go on to Matriculation College. I am in my second year of Matriculation College.

While in the U.S.A., I have found some differences between the Australians and Americans.

First, Australians drive on the right hand side of the road. Second, football in the USA is completely different to football in Australia. We play by "Aussie Rules." Third, Australians speak English but not like an Englishman, American, Canadian, or anyone else.

This year, I am living with the John Marsteller Family. I have found the people at Kennard-Dale very special and have come to love it here. I would like to thank everyone for being so friendly and making me welcome.

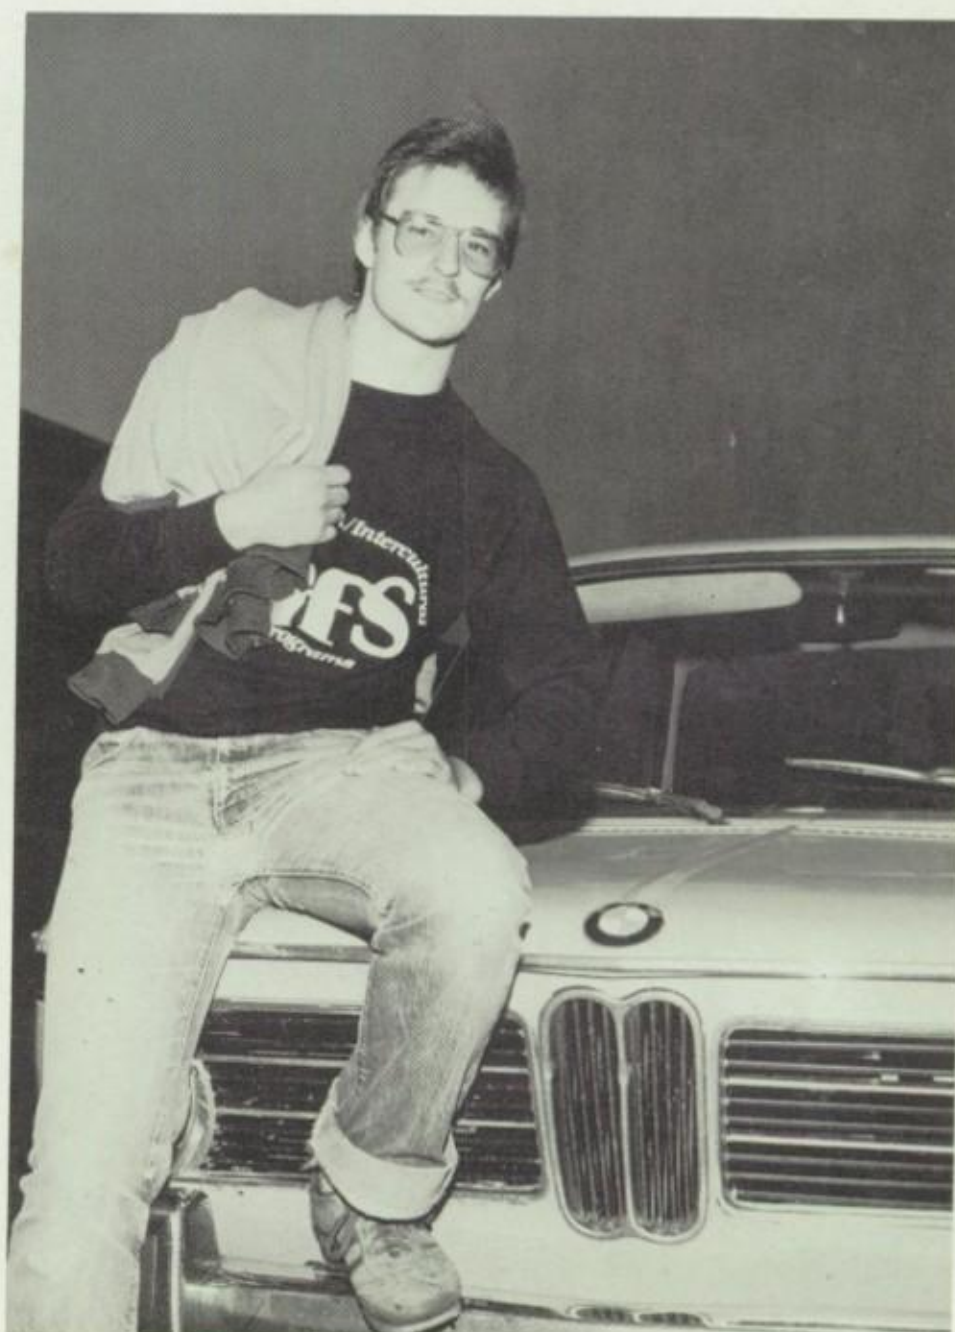

Ed Discovers "Brasil"

I've always wanted to have the chance to travel, and this summer I spent 10 weeks in the South American country of Brasil. However, I was visiting the country not as a tourist, but as a representative of the United States, willing to learn more about the peoples and ways of another culture. I spent all 10 weeks in the town of Axaxa, about 1000 miles north-west of Rio de Janeiro. I stayed with a family designated by AFS and, like all family situations, there were some difficult times. But when I think back on the fun, the laughter, and the happiness shared with my new friends and family, bad times become meaningless. Being part of the AFS experience has fulfilled a life-long dream and has really changed the way I look at the world.

"E para meus amigos em todo de Brasil, muito obrigado para os bons tempos e sua hospitalidade. Eu estou com muitas saudades para voces. Obrigado para tudo."

Hy-Gutan Tag! Wie gehts?

Yes, my name is Bernie (from Germany), but this is not my real name. Do you want to know how I got that nickname? Well, my real name is Bernd Kuchmetzki. One day I was invited to a bluegrass evening. There the people couldn't speak my name. I told them that Bernd means quite the same as Bernie. So the people made it Bernie from Germany, because it sounds so good. I am from the northern part of West Germany, near the Harz-Mountains and near the frontier to East Germany, the Killing line. I live in a village with 1200 people in a rural community. There is one difference between American and German farms. The American farms are spread out on the land like the houses here generally are; the farms in Germany are usually in the village and houses are standing together and build up a village. There are also some differences in the food. For example we have no mais which you call corn. One can find it some places but we don't eat it. The preparation of some meals are different too. We have many kinds of sports in our area. I personally do table-tennis, judo, and soccer, of course. Soccer is the big national sport in Germany. Here I learned to play football. The football team is very friendly and I'm accepted as I am in school. If I have problems, teachers and pupils help me a lot. Thank you everyone. Especially my family here, the Reids. In this real super family, I stayed this year.

FAWN Hangs "Loose"

The '79 *Fawn* Staff chose the theme "One Last Look" because they felt this theme was quite appropriate for their last yearbook at K-D. Under the leadership of Perdita Johnson, the staff worked very hard to meet their deadlines. The advisor, Mr. Ben Emenheiser, gave suggestions on style and format. Each member of the *Fawn* worked very hard to produce the best book they possibly could.

A Midsummer Night's Scream

The class of '79 successfully produced the play, "A Midsummer Night's Scream." The comedy was directed by Mrs. Jane Travis, who was assisted by Stacia Allen, the student director. Playing to one of the largest crowds that Kennard-Dale has seen in quite a few years was more than the cast had ever hoped for. The cast effectively used audience participation and stage effects produced by Brian Reid, stage manager, Brian Runkle, lighting manager, and their crews. Everyone present on March 17, 1978 fully enjoyed himself.

We Faced a Year of Change

...

"Surprising" is the word for this year's ninth grade class. The surprise the class of 1982 gave Kennard-Dale was their school spirit. They cheered their loudest at the pep rallies, and joined various teams and clubs. Their homecoming float, which won third place, had the theme "Rams Can Make It Happen — We're Small But Mighty."

This "Small but Mighty" class has a bright future. Taking "One Last Look" at the class of '82, we wish its members many memorable times in their remaining years at Kennard-Dale.

We're Planning Our Futures . . .

Returning to Kennard-Dale, the class of '81 found themselves no longer the youngest class. They started the year by capturing second place in the homecoming float contest. We've Worked Hard . . .

The Class of 1980 planned the Junior-Senior Prom, which was held May 5, 1979 at Autland's Ranch in York. Another important activity for the juniors was their class play held in March. The play was a success for both the class treasury and for building class spirit.

Receiving their class rings on December 14, 1978, was another high point of the year.

Class members sold subs in the fall and had another fund raiser in the spring.

Although the junior year is considered to be the toughest academically, this class has come through with flying colors.

A Message To Seniors

As graduation day approaches ever so rapidly, most Seniors will take the opportunity to reflect upon the many events and personal experiences of the years spent as students at Kennard-Dale. While it would be unrealistic to assume that all memories are pleasant ones, it is certainly hoped that the vast majority of your experiences have proven to be both beneficial and pleasurable.

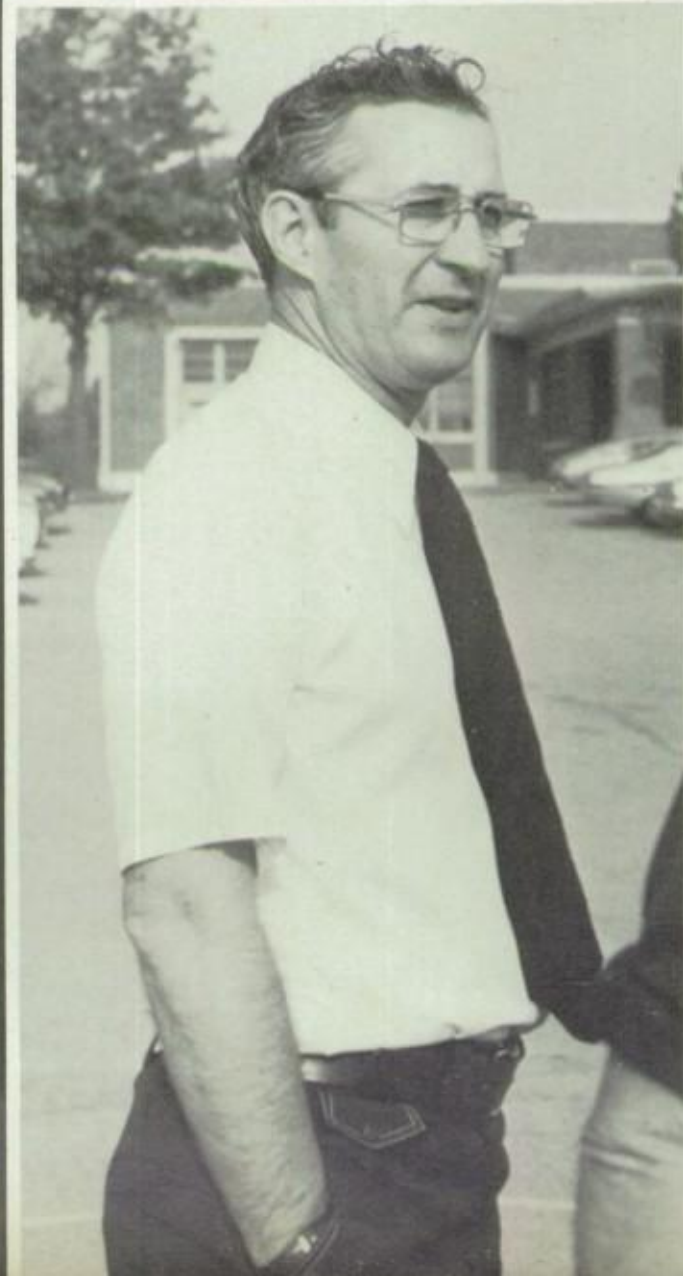

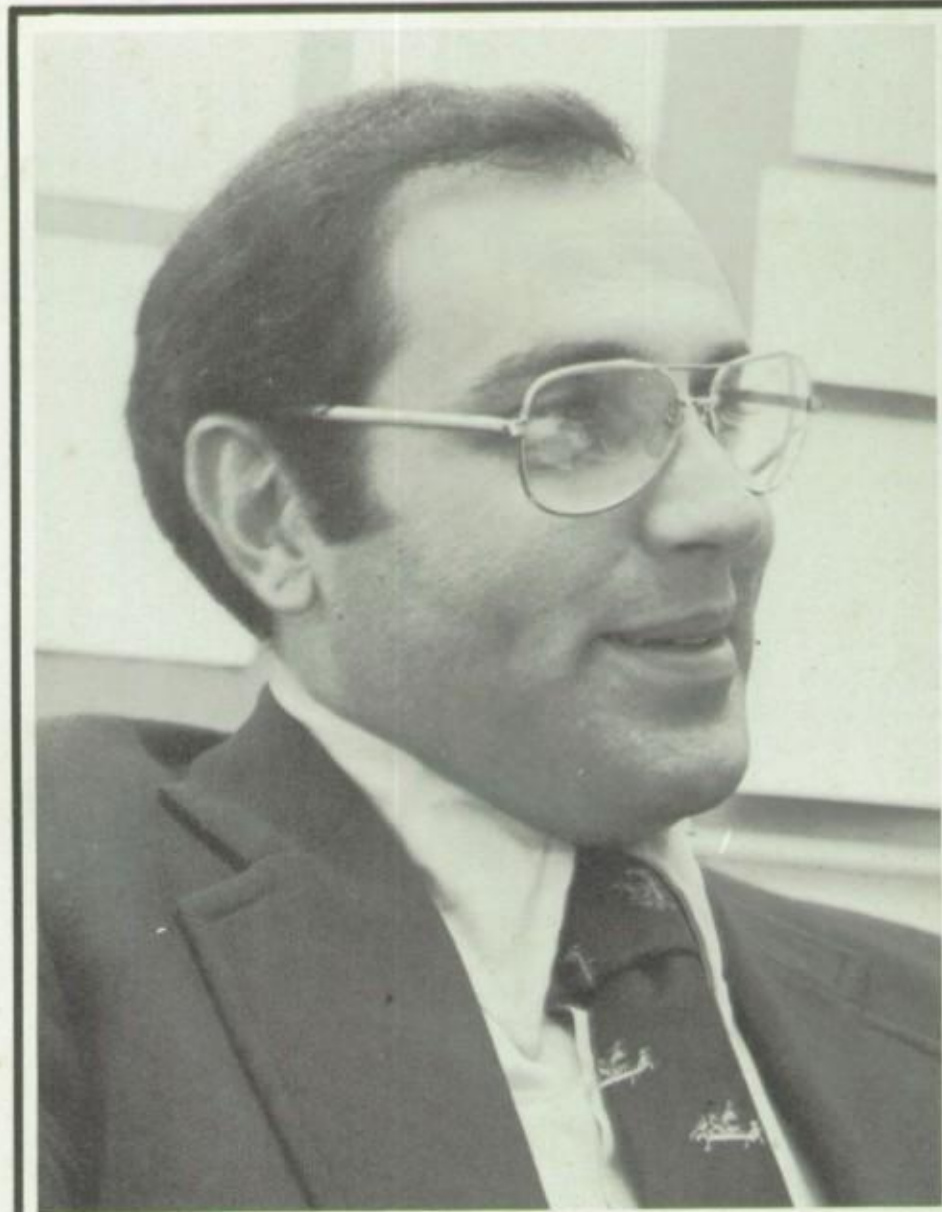

Personal congratulations are sincerely extended to each and every member of the Class of '79. It is hoped that as you face and meet the many challenges which lie ahead, the fondness for your alma mater will continue to grow.

These school secretaries deserve recognition for services they perform as part of their job. Their everyday tasks, such as signing excuses, checking schedules, and other seemingly small jobs, contribute to the smooth running of our school.

What Is Your Favorite Saying or Philosophy?

Year after year this courageous gang labors toward a common goal, striving to slip a few pieces of learning into the overflowing schedule of activities, sports, and social events that seem to fill our lives. Sworn enemies to some, trusted friends to others, these people serve as coaches, advisors, organizers, and most important, educators. These diverse individuals share one common trait, they have something to say about everything. Since a teacher is never at a loss for words, we decided to let them have one final say.

Large boxes,
Can not store,
the times we're spending.
Photographs,
Can not record,
the laughs we shared.
Time,
Can not hold back,
the life we wish not to leave.
Age,
Can not wait,
to make us 18 at any time.
Graduation,
Can not be passed,
to have us remain Seniors.
The world,
Can not find patience,
in seating us for temporary careers.

It's time to move on,
Pack your bags,
Make sure they're locked,
Old relics are often lost.
